

Data Processing Agreement Between

Fusebox Online CC

(referred to herein as "FBO")

And

**BarnOwl Investment Holdings (Pty) Ltd
BarnOwl Data Solutions (Pty) Ltd
and
IDI Technology Solutions (Pty) Ltd**

(referred to herein as "the client")

(Collectively referred to as "the parties")

The parties acknowledge and agree to the following:

1. FBO entered into a data processing agreement in July of 2021 (hereinafter referred to as "the original DPA") with Active Campaign LLC ("AC") which governs and protects the information that AC stores on behalf of FBO. Said agreement has been made available to the client and been approved by the client.
2. The original DPA may be made available to 3rd parties on reasonable valid request to either party of this agreement.
3. The parties acknowledge that AC is a supplier to FBO and is used by FBO to store data on behalf of the client.
4. The parties further acknowledge and agree that, to the best of their knowledge, the original DPA and the methods deployed by AC to protect FBO's (and in turn, the client's) data is fully compliant with the Protection of Personal Information Act (POPIA).

DC

5. FBO agrees to protect the client's data (which it may be exposed to in the normal course and scope of their business relationship) to the same degree of care and on the same terms as AC protects FBO's data, as specified in the original DPA.
6. Should AC breach the original DPA in any way, or otherwise cause the client's data to be at risk of breaching the terms of POPIA, FBO will take all reasonable steps to enforce its rights against AC and protect the client's data. FBO, its agents, staff, directors, and shareholders however accept no liability or responsibility for failures or negligence on the part of AC, and the client hereby indemnifies FBO against any such claims. FBO agrees (within reason) to cede any relevant claim for damages that it may hold against AC in such circumstances to the client, should the client wish to institute action directly against AC.
